

Health coverage for teens who just want to have fun

Now your teens can have fun and get the health care they need. Medicaid and CHIP offer free or low-cost health insurance for children and teens up to age 19. That means check-ups, immunizations, doctor and dentist visits, hospital care, mental health services, prescriptions and more are covered. Families of four earning up to nearly \$50,000 may qualify (or even higher in some states).
