Braces	Yes - only with prior authorization		Once per Lifetime. Must have a set of fully erupted permanent teeth with at least 1/2 to 3/4 of the clinical crown being exposed (unless the tooth is impacted or congenitally missing). Must have a severe, dysfunctional, handicapping malocclusion that meets a minimum score of 15 on the Handicapping Labio-Lingual Deviations form (HLD).	Medicaid Members age 20 and under may qualify for orthodontic care under the Maryland Healthy Smiles Dental Program. Members must have a severe, dysfunctional, handicapping malocclusion. Since a case must be dysfunctional to be accepted for treatment, Members whose molars and bicuspid are in good occlusion seldom qualify. Crowding alone is usually not dysfunctional in spite of the aesthetic considerations. All orthodontic services require prior authorization by one of Scion Dental's Dental Consultants. The member should present with a fully erupted set of permanent teeth. At least 1/2 to 3/4 of the clinical crown should be exposed, unless the tooth is impacted or congenitally missing. The Handicapping Labio-Lingual Deviations (HLD) Form (copy on preceding page) is used as the basis for determining whether a Member qualifies for orthodontic treatment. A member must score a minimum of 15 points to qualify for coverage – points are not awarded for esthetics, therefore additional points for handicapping esthetics will not be considered as part of the determination. The following documentation must be submitted with the request for prior authorization points for handicapping esthetics will not be
