

When kids have health insurance, we all breathe easier.

Whether it's allergies, asthma or just a common cold, your kids can get the care they need. Medicaid and CHIP offers free or low-cost health insurance for kids and teens. Children can get regular check-ups, immunizations, doctor and dentist visits, hospital care, mental health services, prescriptions and more. Families of four earning up to nearly \$50,000 may qualify (or even higher in some states).
